

APPLICATION & AGREEMENT FOR TEMPORARY WATER SERVICE

_____ agrees to pay a \$1,500 meter deposit for the use of the **Bear River**
 (Applicant)

Water Conservancy District's water meter and backflow prevention device for the period of

_____ to _____ Purpose of water use: _____
 (Approx. Starting Date) (Approx. Ending Date)

Place of Use: _____
 (System Name)

The water usage rate will be the current retail water rate in the same service area from which the water is taken. Meter will be read monthly during the project and an invoice will be sent to the water user. A \$200.00 charge for meter setup/take down will be added to the first monthly invoice. user. A \$200.00 charge for meter setup/take down will be added to the first monthly invoice. The water user shall notify BRWCD at (435) 723-7034 when the water service is no longer needed. The meter will be removed, and the final invoice will be sent to the water user. All invoices are due upon receipt. The meter deposit will be refunded when meter and backflow prevention device are returned along with support arm, and any other equipment belonging to the District, in good working condition. In the event there are damages to the equipment provided, damages will be assessed and will be deducted from the deposit.

BRWCD will install a meter and backflow device at the connection site approved by BRWCD. Any other site or connection will immediately cancel and nullify this agreement and result in forfeiture of all deposits. Payment for any and all water used will be due immediately. Applicant will take all precautions to protect the integrity of the Bear River Water Conservancy District's water system and will not access the system at any site other than designated by this contract or other manner as to constitute a cross connection or any other threat of contamination.

Proof of insurance is required prior to any water delivery.

The District retains the right to suspend water use at designated site for whatever reason it deems necessary and for any length of time until the need is satisfied. The applicant can then resume its water usage.

By signing below the applicant understands all of the foregoing stipulations and agrees with and will abide by all rules and regulations associated with the delivery of water for the above stated place and purpose of use:
